Subject: Re: 22-0960-004 - 500 Mystic Pointe Roof - List of Contractors

Hi Mihaela,

I am now responding to you as the new President of the Board of Directors at Mystic Pointe Tower 500. You may take Carlos Ilareggui off of the mailing list.

Regarding the contractors, please stay away from Weatherguard. I was unimpressed by what they submitted and failed to submit.

I think that your date for the pre-bid meeting on Dec 5th at 1pm is fine. Time is very important. We need to accomplish everything as efficiently as possible.....the sooner the better.

If you can, please provide me with anticipated timeframes/schedule up to mobilization assuming everything goes as planned

I assume you'll send out the invite. Please let me know if you need anything for the meeting, and who should attend. I can add invitees as needed

Thank you,

Stewart Glass
